Just when I thought the best fantasy-mystery-adventure books had already been written, I found *Gavin Goodfellow*. NOW you have the best! Not only is the story deliciously strange and can't-put-it-down intriguing, but Gavin and the challenges he bumps into are as real as you are. And at the center of it all, there's God—like you've never experienced God before. So follow Gavin and his cousins, Molly and Eric, into Burnt Swamp and be prepared for the journey of your life!
